

Michigan

We are living in a time of great moral divide. Unless Christians engage in the upcoming election, this beloved land of liberty, which has been a beacon of hope to the world through the centuries, may become a distant memory that future generations will only read about in history books. It saddens me to think that this could be the fate of our children and grandchildren. I pray for the emergence of Americans who will come out of their hiding places to let their voices be heard on Election Day, November 5. I encourage you to read this voter guide and share it with family and friends.

May God bless you and your family,
and may God bless America.

Michigan is a crucial battleground in this year's elections. Whoever wins The Wolverine State will likely become the next president of the United States. In addition, our votes could determine control of the US House of Representatives and Senate. Michigan's automotive sector needs a strong, growing economy and reliable, affordable energy to thrive. Michigan voters will play a critical role in deciding the future of our country and traditional family values. **Please share this voter guide with friends and family members. Urge them to vote their values.**
